

HISTORIAN

2011-2012

Like the buzzing bee goes from flower to flower to pollinate them, Historians go from program to program to record her auxiliary's history.

My two special projects for this year will be the following:

Project #1-What does your auxiliary do for our veterans? The deadline for this project is December 31,2011.

Project #2-What fundraiser did you have the most fun doing? This projects deadline is May 11,2012.

This year I'm asking the Jr.Units to participate also. Their project is: What does your unit do for our veterans? The deadline is March 23,2012.

Each report should not be longer than 1 side of 1 page.(You may include up to 2 pictures with each report)

Since I cannot be at every function with president Ruth, I will appreciate any pictures you send me of our president's visit to your area. Include who is in the picture, where it was taken and what the function was. I will give a personal gift of appreciation for any pictures I receive.

Mid Winter-I will give an award for the best overall report and citations for all auxiliaries participating in project #1

June Convention-I will give an award for the best overall report and citations will be given to all the auxiliaries who participate in project #2.

By participating, we will "Bee the best we can be" and remember:"Step up-Leave no veteran behind.

Thank you very much for your participation!
